## **DATA SHEET**

## POWER H-S 4 + PE SAS / BAS

## Description

- Power inserts
- Fast and easy assembly
- Very high current transfer
- Lower space requirement
- Axial screw termination for assembly without special tool

## **General Characteristics**

Series	H-S 4 + PE
Version	Male (10407910)/Female (10407900)
Number of Contacts	4 + PE
Power-Termination	Axial screw termination: 2,5 - 6 mm <sup>2</sup> (AWG 14 - 11) Tightening torque: 1,1 Nm - 1,7 Nm
PE-Termination	Screw termination: 2,5 - 6 mm <sup>2</sup> (AWG 14 - 11)
	Tightening torque: 0,5 Nm – 0,8 Nm
Temperature Range	-40°C to +125°C
Mechanical Characteristics	
Cycle of mechanical operation	500

1000 V 8 kV 40 A < 1 mOhm

3

## **Electrical Characteristics**

Rated Voltage	
Rated Impulse Voltage	
Rated Current	
Contact Resistance	
Degree of Soiling	

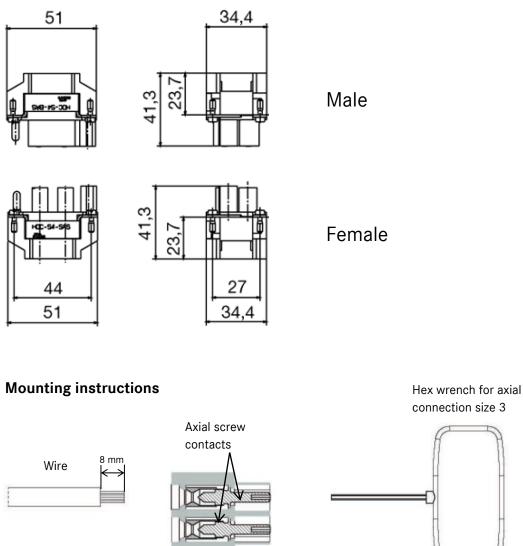

## Material/Surface

Insulation body Contacts Contact surface PC glass -fibre reinforced Brass Silver passivated

# **DATA SHEET**

## POWER H-S 4 + PE SAS / BAS

## **Technical Drawing**

- 1. Strip the wire, stripping length: 8 mm. Please do not twist the stranded wire.
- 2. Push the stranded wire into the contact chamber until the insulation is flush with the contact.
- 3. On the mating face side, insert the hex key (Art. No. 44424028) into the contact
- 4. When tightening the clamping nut, please hold the strands in position.

#### Tightening torque between 1.1 Nm and 1.7 Nm.

Valid from: 11.03.2020

# DATA SHEET

## POWER H-S 4 + PE SAS / BAS

Wide clamping range

Industrial machinery and plant engineering

Temperature-resistant

#### Info

Very high current transfer in a small space Axial screw termination for assembly without special tool

## Application range

Mechanical engineering Plant engineering Renewable energy

#### Remark

Photographs are not to scale and do not represent detailed images of the respective products.
